COMMENTS ON KIQ STRATEGY REPORTS PERTAINING TO CONVENTIONAL
PROGRAMS

KIQ #16 (Anti-Ship Missile Systems)

- Add under II.A.

    - Line 5:   ...air and surface launched cruise missile
      developmental activities....

    - Add line 6:   ...White Sea, and Caspian Sea, and
      Vladimirovka testing facilities,....

      REASON: Incorporation of both air and sea launched
      systems into collection phase, as they are both
      inferred in the KIQ.

- Add under II.B.

    - FTD will give special attention to the BACKFIRE
      ASM as the probable follow-on to the AS-4 KITCHEN
      as an anti-ship system. Results of FTD sponsored
      contractor work in this area will appear in future
      DIA scheduled publications.

KIQ #18 (Soviet RDT&E/Satellite-borne Ocean Surveillance System)

- Add as last sub-tic in I.A.

    - Identification capability

      REASON: If the satellites cannot provide the
      nationality and class of ship, the Soviets will
      have to obtain this info elsewhere, thus complicating
      use in a wartime environment.

USAF Declassification/Release Instructions On File

~~SECRET~~

- Add under II.B.

25X1D

25X1D

-   FTD will continue to closely follow ████████████
    ████████████████████ During 1975 FTD through
    DIA will produce publications which will address
    this subject.

25X6A

KIQ #25 (WP ████████ Force Size in NGA)

25X1A

-   Add to II.A.2

    -   DIA will continue to utilize ███████████████ in
        construction of an MBFR data base

KIQ #27 (WP Doctrines in Central Europe)

-   Statement of KIQ should read "...for ~~eonduetion~~
    conducting war in Central Europe,...."

KIQ #28 (WP Non-Nuclear War Capabilities in Europe)

-   Add to II.A.1

25X1A

-   ███████████ assets will continue to be utilized to
    responsively provide ██████of stockpiles and 25X1D
    depots in many portions of E. Germany.

25X6☐   KIQ #29 ████████████████████████████████

-   Para I.A., line 4

    -   Add "...and air defense forces in the Central
        Region as well as the...."

        REASON: Coordination with DIA and the NIO
        solicited their understanding that the KIQ
        referred to the Central Region; that point should
        be specified to clarify the follow-on priority
        system.
